The Wines

We have collaborated with our wine merchants to bring together an eclectic selection of different wines from most wine producing countries and regions of the world. We favour the artisan grower rather than big producers to bring you some exclusive and interesting tastes and flavours.

If you have a favourite wine, not listed here, ask your waiter or waitress to make a note so we may try to source your favourite wine in time for your next visit to us. Should you wish to drink a particular wine from our list, at home, we can supply this at a discounted price.

We are also happy to accommodate a "Bring Your Own" wine policy should you prefer.
We charge a £10.00 per bottle corkage charge on each bottle opened.

The Chandlery Restaurant in collaboration with our wine suppliers hold regular Gourmet Wine Tasting evenings where growers from wine estates around the world will talk about their wines and the food best matched with the wines. These wine evenings are very popular so if interested, please give the staff your email contact details and you will be kept up to date with all The Chandlery news. Also, full information will be listed on our website and Facebook page shown above.

The Service

Wine service in restaurants can be quite elaborate, but our approach is straightforward.

We show you the wine to ensure it is what you ordered. We open the wine and offer you a taste to check the condition, pour a small glass for each diner and then hand it to you. We can pour it for you should you prefer.
Please instruct your waiter or waitress.
